Trial Day Preparation for Secondary Teachers

Education 365 will tell you:

- The School name & location
- Contact name and Contact numbers for the school
- Subject and year group you are trying out for
- Timings and duration of the lesson.
- School day start and finish times
- Directions from your home to the school.(including buses and train stations)

Information for the teacher to look up prior to an interview:

- Always plan, prepare and then revise in the light of more information, advice and support from staff at **Education 365**.
- Find out as much as you can about the school, Ofsted reports and latest exam results by going onto the school's website. If they don't have one then look up the Good Schools Guide and find the school through the school's directory.
- This will give you an insight into the range of the pupil's backgrounds- social and economic.
- Prepare a lesson plan that is fully linked to the National Curriculum- if in doubt visit www.dfSCF.gov.uk and go to teacher's resources.
- It is important to work out where the pupils would be at the time of the term so that you don't duplicate previous work- check out the KS3 Strategy on DfES website.
- A useful link below to help you find information about the school.
